

Fenton Motors

Your Good Neighbor Dealer Since 1939

Dear Ray,

I want to thank you and your staff for your immediate response in helping Fenton Motors recover from our devastating fire. Tom, Lon, Eric and your staff were most thorough and complete in helping us design and build our new dealership. Your employees should be complimented on their professionalism. Our building is a joy to come to each and every day. We have not had one problem with the construction or workmanship. It is superior! We could not have imagined such a wonderful building. Please feel free to use Fenton Motors as a reference to your future customers. Again Ray thanks for a job well done.

Sincerely,

Chuck Fenton

President
